BOWLING SOLUTIONS

A wide-angle photograph of a modern rustic bowling alley. In the center, a dark green vintage convertible car with gold wheels is parked on a raised platform. To the left, a wooden pool table is partially visible. The bowling lanes are made of polished wood and lead towards a wall of horizontal wood planks. Bowling pins are visible at the end of the lanes. Large windows on the left side offer a view of a wooded area. The ceiling features exposed wooden beams and recessed lighting.
